Description:

The broad tripod base of this walking stick offers maximum stability. It also has an easy-to-grip handle. It is constructed with chrome-plated steel and an anodised aluminium neck that adjusts in height. The tripod walking aid is available with a wide base for superior balance or narrow base easier manoeuvring. Equipped with a sturdy handle that is moulded for comfort and support for those with limited mobility. To prevent slipping during use, the walking stick comes with rubber tips.
