### Description:

Facial toner suitable for acne-prone skin

Purifies the skin and provides intensive cleansing

Helps prevent blemishes without overdrying

Lactic acid to unblock pores

Thoroughly cleans and clears the T-Zone and other problem areas

Specially formulated for oily and blemish and acne-prone skin, Eucerin DermoPurifyer Facial Toner purifies your pores, refreshes your skin and prepares it for the next step in your skincare routine. The active antibacterial formula contains 2% Lactic Acid that unclogs pores and prevents all types of blemishes without overdrying the skin.

Ideal for those with mild to moderate adult acne, this toner is particularly effective when used in the T-Zone and other problem areas. Leaves your skin with a cool and pleasant astringent feeling. Eucerin DermoPurifyer Facial Toner can be used during pregnancy, but should not be used by skin undergoing medical acne treatment.

How to use

1. Use morning and evening after cleansing and before moisturising
2. Apply toner to a cotton pad
3. Wipe cotton pad over your entire face
4. Do not rinse.
5. Avoid contact with your eyes and use a new cotton pad for each application

### Description:

Help to fight the signs of premature ageing from the very start of your beauty routine with the Simple Regeneration Age Resisting Facial Wash! Choosing the right products for your skin is a great step on the road to maintaining that youthful glow; with our special blend of Simple cleansing goodness, featuring ingredients like Pro-Vitamin B5, Vitamin E, Mushroom Extract, Oat-Beta Glucan, Chamomile and Green Tea Extracts, our Age Resisting Facial Wash helps to moisturise, tone and gently cleanse the skin.

This hardworking beauty essential not only removes impurities, but leaves your complexion visibly clearer too. It is the ideal first step in your Simple Regeneration skincare regime, helping to refresh skin whilst also preparing it for your moisturiser, creating that perfect base for your make-up.

One of our favourite anti ageing beauty tips is to think about how you cleanse. Instead of using harsh downwards motions when massaging your cleanser into your skin, use gentle upwards movements to avoid dragging or pulling your skin. Taking a little extra care and being kind to your complexion is one of our top beauty priorities, and the Regeneration Age Resisting Facial Wash helps us towards that goal – like all of our products, it is suitable even for sensitive skin.

Dermatologically Tested and Approved.

### Description:

Why use facial wash gel

Gel cleanser is the face wash for you if you are in need of deep cleansing. By unclogging your pores with a mild formula that causes little irritation to the skin, it allows for a thorough cleansing of your pores and removes dirt and excess oil off the surface of your skin at the same time.
